WHY MUBASHIR?

*It's one of the frequently asked questions—**WHY ME.***

Let me think about it as I couldn't find a logical answer. But I find an answer, having logic and emotion in it.

We all have something unique in us—Right. And we all agree on that point.

The magic is; that when we all come to know about that unique point that helps us do things that nobody else can do, we can bring something new, create new values, and show better results—that is where the magic begins.

AND I HAVE FOUND THAT UNIQUE POINT IN ME.

And that is I am the fastest fish, and the fastest fish to survive in the sea—**NOT THE BIGGEST FISH.**
